

TURNED DARK LANTERN ON PASTOR'S FACE

Brooklyn Burglar Aroused Clergyman's Family While Attempting to Rob Residence.

REV. MR. FLAMMAN'S SEARCH.

His Alarm Awoke Neighbors and the Robber Was Caught in the Yard With the Booty.

REPUBLIC SPECIAL.

New York, May 17.—The Reverend August Flamman, pastor of St. John's M. E. Church in Summer place, Brooklyn, together with his entire family, had an exciting experience with a burglar at an early hour in morning. The burglar managed to effect an entrance into the parsonage, adjoining the church, at No. 24 Summer place, about 2 o'clock, and his movements about the premises awakened the family. After the entire neighborhood had been aroused the man was finally captured. He proved to be a homeless man, who gave his name as Henry Braun, 23 years old. He was found hiding in one of the rear yards, within a few doors of the dwelling he entered.

In the same yard was found the proceeds of his robbery, consisting of some trifling goods, such as handkerchiefs, ribbons, a pocketbook containing 50 cents and some railroad tickets. The burglar, who was captured by Policeman Miller, attached to the Hamburg Avenue Station, was prisoner in the Manhattan Avenue Court this morning, where he pleaded guilty to the charge of burglary and was remanded in the sum of \$500 bail, pending further examination.

Valuables Were Unpacked.

The Reverend Mr. Flamman has been in charge of St. John's German M. E. Church but for a short time. About three weeks ago, in company with his wife and four children, they took possession of the parsonage adjoining the church, and many of their valuables in trunks had not yet been unpacked.

It was about 2 o'clock in the morning when Mrs. Flamman was awakened presumably by some noise, and immediately noticed a light in the parlor. The Reverend Mr. Flamman, in company with his wife, occupied a small room on the same floor adjoining the room occupied by the clergyman as a study.

Mrs. Flamman thought at first that some of the children had been taken ill, and her husband hastily arose, and immediately after dressing, walked into the parlor. He wore his slippers, and made but slight noise. As he entered he caught sight of a roughly-dressed man investigating a closet in the room. The man carried a dark lantern. The burglar's profile was plainly visible with the light of the lantern in the foreground as he walked in to and frisk examining the contents of the closet. The door of the study was evidently heard by the burglar as he turned suddenly, throwing the light upon the form of the minister.

Light Instantly Shut Off.

The stream of light was shut off in an instant, and the clergyman heard a rapid retreat of feet and the noise of the burglar's hasty scramble down the basement stairs.

With a bound he was at the rear window, which he raised, and shouted "help!" Burglars were raised in many of the adjoining houses and heads were protruded. The watchers on the scale the fence. Then he was lost sight of.

The shouts of the clergyman brought a policeman in uniform, but when the circumstances were explained he stated that as the affair had occurred on his beat it was impossible for him to make the necessary investigation.

The shouts for police were continued and finally Policeman Miller put in an appearance and in company with the Reverend Mr. Flamman an investigation of the adjoining yards was made. It was explained to Policeman Miller that owing to the fact that no persons were aroused it was quite probable that the robber had not attempted to climb any other fence and was hiding in one of the adjoining yards.

Burglar Caught in Yard.
Policeman Miller was of the same opinion and in company with the Reverend Mr. Flamman he had no difficulty in getting into the adjoining dwellings and examining the rear yards. He finally found Braun lying in one of the yards near Flushing avenue, which was the direction in which he fled after being discovered.

He was placed under arrest and when the yard was examined with lights the property claimed as having been stolen from the residence of the clergyman was found nearby and fully identified. The police, in order to make sure, made the burglar take off his shoes and they fitted exactly in the marks of the soft earth in the rear of the clergyman's home and the yard.

The man was locked up. Later he was taken to Police Headquarters, where his picture was taken. He was then removed to the Manhattan Avenue Court and held, after his plea of guilty. He declined to make a statement other than that he was without home or friends.

GIVES FRESH-AIR RESORT FOR NEW YORK CHILDREN.

President of Steel Trust Announces Use to Be Made of Newly-Purchased Richmond Beach.

REPUBLIC SPECIAL.

New York, May 17.—Charles M. Schwab, president of the United States Steel Corporation, to-day announced that the object of the charity that he and Mrs. Schwab are about to establish, and which centers in his recently purchased of Richmond Beach, is to provide during the summer season, an outing place and health resort for the poor and sick children of New York. Accommodations of daily outings for 1,500 to 2,000 children are to be provided.

Mrs. Schwab has the plan very much at heart, and will be closely identified with its evolution and consummation.

Richmond Beach is about a quarter of a mile long and has great natural advantages for the purpose. It is a sandy beach, because of a fine white sand and sloping gently so that it affords a safe and shallow bathing surface of great extent.

Included in the purchase are, perhaps, 200 acres of meadow land and woodland, extending back over an extremely pretty and healthy tract. On this is a fresh water lake called Arthur Lake, upon which it is planned, boats will be provided for the pleasure of the children.

A hotel, a farmhouse, a play field and bathing facilities for 800 persons are already features of the tract of land, but new buildings will soon be erected and the bathing facilities greatly enlarged.

A feature of the plan is, it is understood, will be an infirmary for sick children, built in the most modern fashion and equipped with the most complete medical facilities. Trained nurses, it is understood, will be provided either by the founders of this charity or furnished by local charities to care for the little ones in need of medical treatment.

NEW STATUE OF EDWARD VII.

George Wade Completes Portrait in Stone for Academic Exhibit.

London, May 17.—The new statue of King Edward, which has just been finished by George Wade, the eminent British sculptor, is the first portrait in stone made of the King since his accession. Mr. Wade was generously encouraged by King Edward, who gave the sculptor all the sittings needed to finish the statue in time for the exhibition of the academy this spring. The marble figure is noble and the likeness is said to be excellent.
